

Fire ban from 30th of July 2018

You can not:

- Burn grass, leaves, branches, twigs, wood or similar with flame outdoor. This also applies to heating in tin or similar.
- Make a barbeque in prepared grill/plant in nature
- Use a disposable grill, garden grill, gas grill or spirit stove in nature

You can:

- Make a BBQ in your own garden, plot, or plant if the ground is the combustible. Such material as brännbart material grass, leaves, branches, twigs, wood or similar must not be in connection with the grill
- Own yard includes yard connecting to apartment house

If you cause a fire or make a BBQ in nature that causes a fire, you are responsible for the consequences. The prohibition applies until further notice. More information on www.skrtj.se
